

Quality Tester – Knottingley

URM (UK) Ltd is the leading company in collecting and recycling all types of glass. We have pioneered new methods of collection and treatment to ensure that the glass we collect can be utilised effectively through second life.

The Company's vision is to be recognised as the most trusted, innovative and responsible business partner in the glass recycling market and is undergoing a period of rapid investment and growth.

As a result of this, we are looking to recruit a self-motivated individual as a Quality Tester. The candidate will possess a broad skill set capable of handling a variety of tasks whilst demonstrating dedication and ambition to work for a vibrant and growing business. Reporting into the Quality Manager, the successful candidate will be responsible for and able to demonstrate the following:

Key Responsibilities:

- Carry out all the continuous internal quality tests on the processed cullet as required following the companies test procedures. These will include tests for colour, metals, csp, organics and fines.
- Record and report all test results on paper and electronically as required.
- Report any rejections or obvious trends of data that could be used to improve the quality of the finished product to the appropriate line manager as required.
- Carry out LOI & LOD tests as required and record and report results.
- Effectively interact with the Production team and Yardman to make sure that all test results are communicated and utilized to gain maximum benefit.
- Liaise with Ardagh batch house personnel as required in order to assist in the daily joint tests carried out.
- Cover other plant roles as required during break periods and other times as required by business needs.
- Report any contamination issues to the Supervisor as they become apparent.
- Assist in training new or agency staff as required.

The Candidate:

- Ability to manage multiple workloads to agreed deadlines
- Hold a current FLT license
- Self motivated individual with excellent interpersonal and communication skills
- Excellent attention to detail
- Ability to record and report data accurately and neatly
- Ability to demonstrate and uphold excellent H&S standards
- IT Literate and competent to deal with various weighbridge issues that may arise.

To apply for this role before the **18th March 2020**, please contact/email an up-to-date CV to either;

Terry Gosling TGosling@urmgroup.co.uk
Kevin Needham KNeedham@urmgroup.co.uk
Lisa Brannan LBrannan@urmgroup.co.uk

The URM Group is committed to equality of opportunity. All applicants will be judged solely on their merits. Applicants must have proof of eligibility to work in the UK.
